Engis 25x13x150mm GT180 HYPREZDS FINISH STONE

Manufactured from carefully graded abrasive particles, mixed with the appropriate bonding agents and fired in electric or gas ovens to produce a stone suitable for roughing out cavities and dies to commercial finishes. Hyprez DS Medium/Soft Aluminium Oxide This is a popular, fast-cutting stone which does not load easily. Good for all dies and moulds. Length: 150mm.

Specifications	Details
Shape	Rectangular
Grade	Medium
Product Type	Stone
Weight	239 g
Product Number	DS0235909
Abrasive Material	Aluminium Oxide
SKU	ENG2551067GTSY
Grit	180
Depth	13 mm
Length	150 mm
Width	25 mm
Brand	Engis
