

Norbar HT3 Kit 3/4 1300 Nm Manual Torque Multipliers 130-1300NM, Output Square: 3/4", Input Square: 1/2"

The 'Highwayman' torque multiplier was created for situations where larger torques are required than would otherwise be attainable due to space or operator strength constraints. A ratchet torque wrench set to one fifth of the necessary output torque provides input to the multiplier.

Specifications	Details
Accuracy	+/- 4%
Tool Weight	3.8 Kg
Range Metric	130 - 1300 NÂ·m
Product Number	17218
Brand	Norbar
Range Imperial	96 - 960 lbfÂ·ft
Plate Weight	1.3 Kg
Velocity Ratio	5.333:1
Input Square	1/2"
Output Square	3/4"
Multiplication Ratio	5:1
NATO number	5120-99-356-4384
Model Number	HT3 Kit 3/4" 1300 Nm
