

IO-Link Master StandardLine ifm electronic AL1122

The IO-Link Master StandardLine - AL1122 from ifm electronic with EtherNet/IP interface offers a more secure transmission of sensor information with a transmission rate of 10/100 Mbit/s by separating your automation and IT network. Up to 8 IO-Link sensors can be connected to the IO-Link Master StandardLine - AL1122. The connection is made via an M12 plug connection.

Specifications	Details
Material	housing: PA; Socket: brass nickel-plated
Protection	IP 65; IP 66; IP 67
Short-circuit protection	yes
Ambient temperature	-25...60
Protection class	III
Operating voltage [V]	20-30 DC V
Application	I/O modules for field applications
Weight	396g
Current consumption [mA]	300...3900; (US)
