Lynx EVO stereo zoom microscope | 2.7 â 240x Magnification

The Lynx EVO stereo zoom microscope's improved ergonomics were intended to boost output. You can operate more comfortably and focusedly with 3D depth perception and brilliant, high resolution, high contrast visuals, regardless of the task at hand—inspection, production, reworking, or anything else requiring magnification. With magnifications ranging from 2.7x to 240x, it is perfect for a variety of uses.
