

Elitech Tlog 100EH | Reusable Temperature Humidity Data Logger | -40Â°F To 185Â°F

- ✖ Medicine storage and transportation temperature and humidity monitoring is the primary usage for the Elitech Tlog 100 series temperature and humidity data logger (Multiuse USB ultra-low temperature recorder). It illustrates each link in the medication supply chain.

Specifications	Details
Sensor Type	External Temperature and Humidity
Temperature Range	-40â°  85â° 
Resolution	0.1â° 
Humidity	0-100% RH
Resolution	0.1% RH
Memory Capacity	32000 Points (MAX) ✖
Logging Rate	10s~ 24h
Battery	CR2450 3.0V wide-temperature button cell
Protection	IP65
