

Elitech Tlog 100H | Reusable Temperature And Humidity Data Logger

-  Foods, medications, and other goods are monitored and recorded for temperature during storage and transportation using Elitech Tlog 100H temperature data loggers. These loggers are also used in every step of the cold chain logistics process, including freezers, labs, cooler trucks, cooler bags, and cooling cabinets.

Specifications	Details
Temperature Range	-30°C ~ +70°C / -22°F to 158°F
Resolution	0.1°C
Sensor Type	Internal temperature-humidity sensor
Memory Capacity	32000 points (MAX)
Logging Rate	10 seconds ~ 24 hours (10 minutes by default)
Dimensions	115.5mmx47mmx16.2mm (LxWxH)
Alarm	Single/Cumulative
Battery	CR2450 3.0V single-use lithium battery
Protection	IP67
Weight	70g
