

York 200x12mm X/COARSE CLEAN & STRIP DISC

Cleans surfaces faster and more effectively than wire brushes, scrapers or pickling pastes. Produced by adhesively bonding and compressing web together to form a slab from which wheels are then cut. High stock removal producing a very good finish. As there are no metal components used in the manufacture of these wheels, accidental damage to the work piece is eliminated. Ideally suitable for preparation and cleaning of welds, rust removal and removal of discolouration.

Specifications	Details
Brand	York
Grade	X-Coarse
Product Type	Disc
Weight	1
Maximum RPM	2500 rpm
Disc Diameter	200 mm
SKU	YRK2455060GTSK
