

CANNING-LIPPERT 0220-371 10"X2" 'B' QUALITY MOP UNSTITCHED

All round mops for finishing steel and pressed brassware, nickel-silver, copper, brass, silver, aluminium chrome and plastics. Also suitable for nickel and chrome deposits. Made up of guaranteed quality all-cotton cloth in multiple sections of 1/2 (13mm) width. Open type mops will splay under pressure to suit irregular surfaces and give a medium polishing pressure. Can be used in conjunction with Lustre, Hyfin, Steelbrite, Scovax, and Satene compositions.
