

## Kennedy 0-100mm SPINDLE CLAMP

Fine spindle clamping adjustment enables accurate clamping. Swivel joint clamping points allow tapered surfaces to be securely clamped. Copper plated spindle and clamping points ensure weld splatter will not adhere.

| Specifications   | Details                     |
|------------------|-----------------------------|
| SKU              | KEN5588740GTSK              |
| Type             | Locking Clamp               |
| Finish/Coating   | Chemically Blackened Chrome |
| Overall Width    | 210 mm                      |
| Overall Depth    | 30 mm                       |
| Jaw Material     | Steel                       |
| Includes         |                             |
| Overall Length   | 280 mm                      |
| Product Number   | 334/100G59                  |
| Special Features | Dual Position Joint         |
| Throat Depth     | 100 mm                      |
